## Motion from CTAC to the MPO

The members of the Citizens Transportation Advisory Committee (CTAC) are an advisory committee to the members of the Metropolitan Planning Organization (MPO). The members of CTAC take great pride in furnishing accurate and timely recommendations to the MPO. These recommendations are made in motion form to the MPO at the bimonthly CTAC meetings. In order to provide educated and accurate recommendations, CTAC members rely upon State, City and County staff members of the Technical Coordinating Committee (TCC) to update the CTAC members.

**Be it resolved** that members of the MPO encourage the Technical Coordinating Committee members of each organization to provide timely updates to the projects under their jurisdiction. These updates should be provided to West Alabama staff at least two days prior to the CTAC meeting if the updates are by paper or electronic communication. Attendance at the CTAC meeting by TCC members is encouraged (to answer questions which may arise).
